INTRODUCTION :

- Socialization is a process of culture learning whereby a new person acquired the necessary skills and education to play a regular part in a social system Socialization is a process of culture learning whereby a new.
- The process continues throughout life as new situation arises .
- In other words , socialization is a continuing process whereby an individual acquired a personal identity and learns the norms ,values , behavior , and social skills appropriate to his or her social position .

CULTURE AND SOCIALIZATION :

- Collection of belief's ,values and assumption shared by the people of certain culture background is known as culture .
- The process of importing these values , belief's and assumption from one generation to another is known as socialization .
- Current generation gains the wisdom acquired by previous generation through the process of socialization .
- Both socialization and culture are inter-wined . Becoming socialized means getting knowledge regarding the cultural norms , values , and practices of the community .

CONTI....

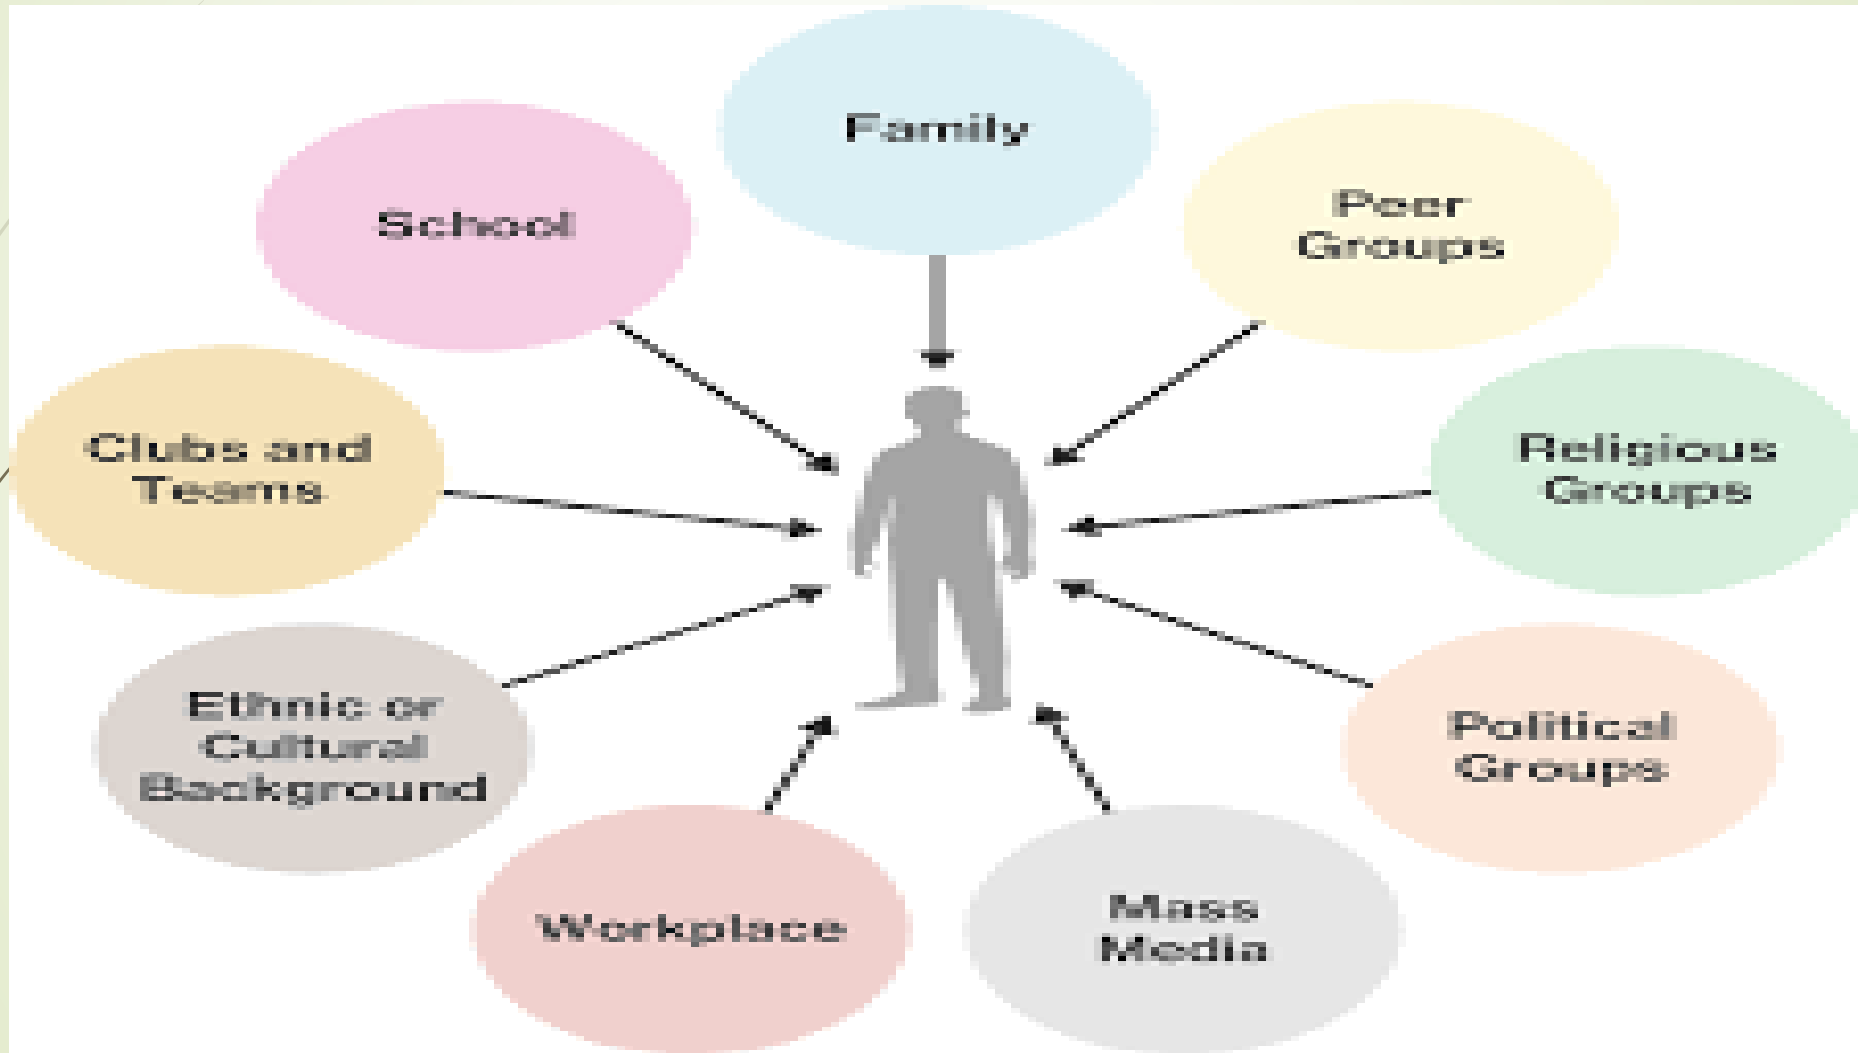

- Man is both social as well as cultural animal. Different society gives different social training to its new member.
- They have their own way and means to develop unique personalities in the new members . Another name of this kind of social training is 'socialization'.
- People will live in isolation in the absence of socialization process . Socialization instructs a person about culture and in this way they both are interconnected .
- It is a means and made with the help of which an individual can learn about the community.

Sociologist has divided socialization into two phases :

- **1} PRIMARY SOCIALIZATION** : The process of primary socialization takes place within the family . Many social rules are learned by a child by copying their parent's actions about good and bad behavior and its related rewards and punishment .
- **2} Secondary socialization** : The process of secondary socialization takes place as soon as the child enters into work place , the peer groups , education system , media and religion .

AGENTS OF SOCIALIZATION :
